## ONE CASE OF SMALLPOX DEVELOPS IN THE COUNTY

Woman Returning From Dayton, O., Develops Smallpox at Reeterville, But Health Authorities Take Steps To Contain Disease.

Several days ago Dr. J. S. Locke, county health officer, received a communication from the health officer at Dayton, O., informing him that Mrs. T. C. Wilson, of this county, had been visiting in Dayton and had been exposed to smallpox. Immediately Dr. Lock made an investigation and took steps to stop the spread of the disease if Mrs. Wilson developed it.

Yesterday Dr. Lock made another investigation and found that Mrs. Wilson had developed the disease in a light form. All who had been exposed to her had been carefully vaccinated and the family had been promptly and thoroughly quarantined and Dr. Lock gives it as his opinion that there will be no spread of the disease in this county.

The health officer, however, advises against visiting in or about Dayton, O., for the present, and urges that Maysville and Mason county people be careful about exposing themselves to communities where smallpox is now raging in the State of Ohio.

## PLANNING GREAT FURNITURE SALE

McIlvain, Knox & Dierker are planning a great big furniture sale in the very near future and expect a great crowd at their very attractive store every day, attracted by the wonderful bargains they are going to offer. The date of the sale will be announced within a few days. Watch for full particulars for it will mean money to you.

## RIVER FALLING LIVELY

The Ohio river at this point is now falling quite lively and it is expected to be back within its banks within a very few days. The people of the Maysville district are congratulating themselves upon the arrival of the cold snap which helped to check the flood.

Although there were many people in Maysville Monday, the most of them were on the tobacco market and there was little doing at the stock yards.

Officer Dudley Bloomhoff, who has been ill at his home for several days, is reported to be threatened with pneumonia.

## ACTION TAKEN TO REMOVE CITY'S WORST EYESORE

City Council and Street Railroad Co. To Get Together on Bricking Between Car Rills on Market and West Second Streets.

At the regular monthly meeting of the City Council held Monday evening a committee recently appointed by Mayor Russell to confer with the Maysville Street Railroad Company on bricking between the car rills on Market and lower Second streets, was asked to speed up its work.

It seems to be the determination of the present City Council to have this work completed before spring arrives. They hope to be able within the next few months to remove for once and all one of the city's worst eyesores. During the past few years the city has removed several of the old eyesores about town, and the people of the city will be very glad that there is an honest effort being made just now to brick this space, which most every year becomes a mud hole.

There seems to be a desire on the part of the street car company to have this done promptly, as well as on the part of the city officials, and there is every reason to believe that an agreement will be reached within a very short time and work actually begun.

## BISHOP HUTTON HERE SUNDAY

On Sunday next the services at the Church of the Nativity in this city will be conducted by the Rt. Rev. Lewis Burton, Bishop of the Diocese of Lexington. Holy Communion will be celebrated at the morning service at 10:45 and Bishop Hutton will preach at this service and again in the evening. Inasmuch as the Episcopal church has been without a pastor for several months past it is hoped that this eminent ecclesiastic will be greeted by a large congregation.

A special programme of choral music has been arranged and lovers of the chanted Episcopal service and sacred anthems will welcome this opportunity to hear a musical program of unusual beauty.

## GREAT FEATURE THURSDAY

The managers of the Washington Theater are offering their patrons a great feature on next Thursday evening. The title of this extra big show is "Under Four Flags". It is a story of the great war and is filled with action and life. Much can be learned about the big scrap by seeing this picture.

Interesting facts are incorporated in the complete annual report of the Fire Department filed with Council at Monday evening's meeting.

There were but 23 alarms of fire during the year 1918 in Maysville and a fire loss of \$15,518.00 was suffered. The Chief's complete report follows:

To the Honorable Mayor and Board of Council of the City of Maysville, Greeting:

I have the honor to submit to you the annual report of the Fire Department for the year ending December 31st, 1918.

I have included in this report all the information that I deem necessary to give an intelligent idea of the working of the Department. In it will be found statements embracing the number of fire alarms, the value of the insurance and the loss of property and such recommendations that I think necessary to increase the efficiency of the Department and to give the city reasonable protection.

**FIRE ALARMS**—The Department responded to 23 alarms during the year of which 6 were box alarms, 15 telephone calls and two verbal calls. There were fires of which ten originated in wooden buildings; 13 in brick buildings; four were other than building fires, making a total of 27.

Value of property and contents ..... \$246,000.00  
Loss on property and contents ..... 15,518.00  
Insurance on property and contents ..... 157,050.00

**HOW FIRES WERE EXTINGUISHED**—Twenty-two with chemicals; 197 gallons of chemicals used. With water, four. Number of feet of hose laid 3950.

**CLASSIFICATION OF BUILDINGS**—Four in one-story frames; six in two-story frames; nine in two-story bricks and four in three-story bricks.

**CAUSE OF ALARMS**—Defective lines four; thawing water pipe, one; carelessness of the use of gasoline, one; automobile fire, two; sparks on single roof, two; unknown, seven; defective gas stoves, two; overheated stoves, three and burning rubbish, one.

Expenses for the Town Clock for the year \$4.60.

**INSPECTIONS DURING THE YEAR**—The Department made 287 inspections during the year. Inspection of buildings being the duty of the Department, to prevent as well as to extinguish fires. These periodical inspections are productive of good results as they caused compliance with the laws and ordinances designed to prevent fires and reduce fire hazards.

Number of notices served during the year 53. All complied and made the necessary changes.

Electrical inspections during the year 97. The number condemned was ten. All made necessary changes.

**HOSE**—We have at present 3000 feet of 3/4 inch cotton hose, all of which is in first-class condition.

## ASSOCIATION OF RETAIL MERCHANTS SUGGESTED

Retail Merchants' Meeting With State Council of Defense Suggest That a Permanent Retail Organization Be Formed in Kentucky.

A number of local retail merchants have received communications from Eugene J. Straus, formerly of the State Council of National Defense, at Louisville, informing them of a movement to organize a permanent Retail Merchants' Association in Kentucky, which grew out of the many benefits the retailers received from the co-operation through the Council of National Defense.

The plan seems to meet the approval of the Maysville retailers and although we had no representation at the preliminary meeting held in Louisville last week, it is more than likely that Maysville will be represented at the meeting to be held in Louisville on January 15 for the organization of the new association.

This is the first suggested organization growing out of the close co-operation of the merchants of the country because of war conditions, and it is more than likely that now the war is over and the war organizations are being disbanded that such co-operative organizations will be formed in large numbers.

## FIVE SCHOOLS IN COUNTY CLOSED ON ACCOUNT OF "FLU"

Sixty-five New Cases of Influenza Reported in Mason County Yesterday and Several Schools Are Closed—No Cases in Maysville.

The influenza situation in some parts of Mason county does not look so encouraging just now as it did two weeks ago according to reports filed with County Health Officer J. S. Locke by the various physicians in the county.

On Monday 65 new cases of the disease were reported from the county in certain parts of the county where the disease did little damage during the recent epidemic. The cases are said to be very mild but every precaution is being taken by the Health Authorities as if it were as bad as when it first spread over the county.

On the order of the Health Officer the schools at Orangeburg, Washington, Dixon, Hebron and the colored school at Helena have been closed because of the large number of cases in those localities.

Reports from the city are much more encouraging and while there are said to be several cases of colds in the city there are no serious cases of influenza.

County Health Officer Locke today said that he desired the people of both city and county to continue their precautionary methods which they so loyally followed during the epidemic. The relaxation on these precautions and carelessness of the people is probably what has caused the disease to spread in the county and to prevent a re-occurrence of the disease in the city and other parts of the county, he urges every one be very careful.

## FUNERAL OF W. I. NAUMAN IS LARGELY ATTENDED

Third Street Church Well Filled With Friends of Popular Grocer—Soldiers Accompany Body to Grave.

The funeral of Mr. Walter I. Nauman, which was held at the Third Street M. E. Church Tuesday afternoon, was largely attended by sorrowing friends of this fine young business man.

The services, in charge of the pastor of the Third street church, and Rev. P. W. Harrop, a former pastor, and a very close friend to Mr. Nauman, were very impressive.

A company of Maysville and Mason county soldiers who are at home either on furlough or have been finally discharged from the army, met at the Chamber of Commerce building shortly before the services and marched in a body to the church. They also accompanied the body to the grave.

The service were in charge of the Maysville lodge of Masons, of which Mr. Nauman was a member and an officer.

It was one of the largest funerals held in Maysville in recent years, and many people went to the cemetery, where the soldiers fired a salute and taps were blown.

## NAMED APPRAISERS.

In the Mason County court this afternoon Messrs. John Fansler, George Royse and Riley Galtner were appointed to appraise the personal estate of Archie Lewis, deceased.

## GROCERY STORES CLOSE.

Maysville grocery stores were closed this afternoon out of respect to Mr. Walter I. Nauman, former local grocer. The grocers attended the funeral in a body.

## CIRCUIT COURT ADJOURNS UNTIL NEXT SATURDAY.

The Mason Circuit court met this morning and after transacting minor matters of business court was adjourned until next Saturday.

Mr. "Tony" Chapin, who returned yesterday from Camp Hancock, Ga., having been discharged from the service, will resume his position as chief clerk for Kirk & Key, local warehousemen.

The Aid Society of the Christian church will meet Wednesday afternoon at 1:30 o'clock with Mrs. J. E. Parker. A full attendance is desired.

## 56 INSTRUMENTS ORDERED FOR THE MAYSVILLE BAND

Ten Boys Have Already Received Their Instruments and Have Begun Practice—Five More Boys Are Yet Needed.

Prof. Young, in charge of the Maysville boys' band, reports today that things are very encouraging for the organization. Already, he reports, there have been fifty-six boys signed up as members and instruments for all of these lads have been ordered.

Ten high-class instruments have already arrived and these ten boys have begun practice each afternoon after school at the band room on the third floor of the Caproni building, where Prof. and Mrs. Young give each boy an hour's lesson each afternoon.

The other forty-six instruments, which have been ordered from Cincinnati manufacturers, are expected each day, and Prof. Young says he feels certain that all of the boys will have their instruments and be taking lessons before the middle of the present month.

To furnish enough of all parts the band yet needs about five boys on base horns, and Prof. Young would like for any youngsters who are interested to take the matter up with him at once.

A meeting of the stockholders of the Maysville Supt. and Dry Goods Co. was held Monday evening in the offices of the concern and the old officers were re-elected for another year. This local concern has had a most successful year. They operate one of the most attractive and popular retail stores in the city.

The regular meeting of the Knights of Columbus will be held at the hall in Market street this evening at 7:30 o'clock. All members are urged to be present.—T. F. Higgins, Secretary.

A large number of soldiers are receiving their discharges just now. Each day several train loads of soldiers pass through Maysville and a number of Mason county men are arriving each day.

Quite a number of friends were present at the funeral of Miss Anna Iling at St. Patrick's church Tuesday morning. Burial was made in the Catholic cemetery at Washington.

M. H. S. Basket ball team is keeping up practice and expects to make a showing for themselves yet before the season opens. They have thus far played but one out-of-town game.

"I will go to the Square Deal Store, when I sell my tobacco and see what kind of plows he has to sell me, and I will consult his judgment, backed up, as it is by experts from the big plow factories in the country, and next year, my crops will prove the wisdom of my course."

## OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

## ON GUARD!

Thoughtful people are shuddering over the appearance of certain ghostly forms emerging from the shadows hanging over Europe—spectral figures dancing about the bubbling cauldron of European politics and government.

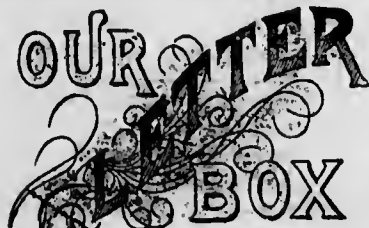

Soon they may be stalking across the earth like furies. Oceans will not stop them. Neither islands nor continents will be safe from their invasion.

It is this specter of rapine, of lawlessness, of destruction, whose sinister shadow is most plainly cast across our pathway. It is Bolshevism, and we should be worse fools not to prepare ourselves for its appearance in our midst than we were not to prepare for war. Already the men upon the watch towers of our civilization have warned us that its head has appeared above the horizon. In America its mutterings can be heard by any one who lays his ears to the ground.

The men who warn us of this peril are being sneered at as alarmists, but so were those who warned us of the now extinguished conflagration of war. Our principal trouble is, we do not heed the prophets—Cincinnati Enquirer.

## VON HERTLING DEAD

Copenhagen, January 5—Count Geo. F. von Hertling, the former Imperial German Chancellor, died Saturday night at Ruhpolding, Bavaria. He had been ill for six days.

Count von Hertling was considered the most learned man of all the men called to the Chancellorship of Germany since 1871. He had won for himself a scholar's reputation before he entered political life, and up to 1920, when he became Bavaria's Minister-President he had combined educational and literary work with his political activities.

## Frail, Sickly Children Improve Rapidly on Vinol

The reason we so strongly recommend Vinol for frail, sickly children is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates—but no oil—the very elements needed to build them up. It is delicious to the taste, and children love it.

## These Two Mothers Have Proved This.

Bainbridge, N.Y.  
"My little daughter, 13 years old, overworked and was run-down, tired the time, nervous, had headaches, didn't eat and had to stay out of school. Vinol has built her up. She good appetite, no more head-aches and has returned to school."  
—Mrs. Lester Andrews.

Williamson, W. Va.  
"My little boy was weak, puny, and tired all the time, did not want to do anything. Vinol was recommended and he built up his strength and made him healthy. Now he romps and plays like other children. We certainly believe in Vinol for children."

### COLONEL SMITH SEEKS GUBERNATORIAL NOMINATION

Lexington, Ky., January 5—Colonel George T. Smith, of the Thirty-second Division in the Army of Occupation, now in Bassenheim, Germany, was declared to be a candidate for Governor of Kentucky on the Democratic ticket.

### HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience. If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

by his wife here tonight. Smith left for overseas early in October which his regiment. He was formerly Colonel of the Second Regiment in the Kentucky National Guard. Mrs. Smith said last night in making known that her husband would run, that the step is taken at request of the soldiers from this state under his command.

According to Mrs. Smith, Colonel Smith has asked for his discharge with a view of returning to this country in the spring, so that he can fix up his fences for the Democratic primary.

Colonel Smith saw service in the Spanish-American war. He moved to Lexington from Beattyville, where he was postmaster, and responding to the call of the country, surrendered his position to take up arms against the Germans.

### GALBREATH MUST GO TO FEDERAL PRISON

Clerk Arthur B. Nussman of United States Circuit Court of Appeals, Saturday filed in United States District Court at Cincinnati the Appellate Court's opinion and mandate in the case of Elmer E. Galbreath and Chas. H. Davis, former officials of the old Second National Bank of Cincinnati. Both men were sentenced to seven and one half years in Atlanta (Ga.) Penitentiary. The sentences were confirmed by the high Court, and it is expected the former bankers will be given notice this week to surrender themselves to United States Marshal Michael Devaney to begin the service of their sentences.

Galbreath is a native of Brown county (O.) and was formerly prominently identified there in the banking business.

Sales on Maysville Loose Leaf Tobacco Market Today Were Satisfactory to All Sellers—Average Price Remains High.

Sales on the Maysville tobacco market today were quite lively, with all grades selling well and the light ones in great demand. Prices again went almost to the sky when a first-class lot of leaf was struck in the line and buyers seemed more than anxious to get the best offerings.

Lower grades, however, are said to be selling high and every farmer who sold his crop here today was more than pleased with the prices he received.

### PRESIDENT CABLES SYMPATHY TO MRS. ROOSEVELT

Oyster Bay Bows Down Under Grief at the Death of Its Most Distinguished Citizen.

Oyster Bay, N. Y., Jan. 7.—Messages expressing grief at the death of Colonel Theodore Roosevelt and extending sympathy to his widow were received today from President Wilson, King George, President Poincare and Premier Lloyd George.

President Wilson's cable was dated January 6, and said:

"I pray accept my heartfelt sympathy on the death of your distinguished husband, the news of which has shocked me very much."

President Wilson's message was sent when his train, en route from Turin to Paris, stopped yesterday at the little mountain town of Moirans, in France. The village is in Savoy, among the Alps. It is near the Franco-Italian border, and is 3,500 feet above the sea.

Mrs. Richard Derby, formerly Edith Roosevelt, the former President's daughter, was to reach here during the day. Other members of the family already have arrived.

It was learned the funeral services tomorrow, to be conducted by Rev. G. E. Talmadge, will be even more simple than first announced, unless there is a radical change in plans. There will be no eulogy and no music.

The body of Colonel Roosevelt lies in his home, Sagamore Hill, where it will remain until 12:45 tomorrow, when employees of his estate bear it to the hearse.

An atmosphere of gloom and mourning pervades this little town and oppresses the visitor the moment he steps from the train.

It is not a fast-moving town, though only an hour and a half by rail from the city. It took quite a while for the realization of its loss to spread along the quiet streets, but now there is only deep dejection and sincere mourning.

Apparently, there is no one in the village who does not seem to consider that he lost something out of his own life when silent death walked in and laid his hand upon the impetuous heart at Sagamore Hill.

They all knew the colonel. They speak of him in whispers, as though he were their brother, asleep in the next room.

The town is full of newspaper correspondents and photographers. The inn is crowded with them.

Sagamore Hill was silent and still. Except for the creak on the front door the knots of newspaper men standing about and the arrival at long intervals of automobiles bearing friends, it was a deserted home, for death had taken charge.

### FIREMEN DESERVED THEIR RE-ELECTION.

All of the Maysville firemen were re-elected by the city council last night, and they all deserved to be returned to their posts. All of the members of the Maysville fire department are high-class gentlemen and expert fire fighters. The squad of firemen we have now can not be bent, and it is to be hoped that the city can hold them together. There has been too much changing in the fire department in the past.

### WEEK OF PRAYER SERVICES AT CHRISTIAN CHURCH.

Week of Prayer services will be held this evening at 7 o'clock at the Christian church. The services will be in charge of the pastor of the Christian church, and the sermon will be by Dr. John Barbour, pastor of the First Presbyterian church. There was a good audience at the first service for the week Monday evening at the Second M. E. church, and it is hoped there will be a good-sized congregation tonight.

### ASSESSOR BRADY'S NAME ON STATEMENT.

Assessor Brady was out of the city Monday when a statement was prepared by a number of the county officials in which they stated they had not signed a petition asking for the pardon of George Wood Owens. He asked today that it be known that he had not signed such a petition.

### NO PRAYER MEETING SERVICES.

Most of the local churches have discarded their regular weekly prayer services this week because of the Week of Prayer services being held in the various churches. Every one is urged to attend these various services.
